GOLDFIELD CON. WILL PAY 15c DIVIDEND

THIS WILL MAKE THE TOTAL PROFITS OF STOCKHOLDERS OVER \$27,000,000.

Yesterday the Goldfield Consolidated declared a dividend of 15 cents payable February 27th to stockholders of January 30. This calls for the disbursement of \$533,872.20, making a total paid by the company of \$27,952,087.20.

A sample taken from the Jumbo Extension yesterday ran \$20,000 in gold. Two carloads are being shipped daily. The last car ran \$162. Roy King, of the Belmont, inspected the mine yesterday afternoon.

Black Butte will increase its working force from one to three shifts. Reports say the Blue Bull will resume with two shifts in the course of a few days.

Small streaks of low grade ore have been disclosed in a new cross-cut of the Merger Mines along the contact of the latite and shale in the St. Ives claim from the 1265 level. Booth claims one foot of \$26 ore and six feet averaging \$12.20 on the 590 intermediate level.

FALLACY OF DIRT CRITICISED BY A HEALTHY MEETING

HEALTH BULLETINS COME FOR SEVERE HANDLING BY AN AUTHORITY.

(By Associated Press.) JACKSONVILLE, Fla., Dec. 1.—Untruthful and unscientific statements in bulletins issued by state departments of health were severely criticised by Dr. Charles F. Chapin, superintendent of health of Providence, R. I., in an address before the American Public Health Association today.

"For the sake of those who come after stop filling your columns with tommy-rot, hot air and dope," he said. "Do not be always seeking novelty. Most that is new is bad. There are plenty of old truths which all of our 100,000,000 people have not yet learned."

Among the fallacies being spread to the detriment of real public health work, Dr. Chapin cited what he called the "old heresy about the all-importance of dirt in the causation of disease." He said that it is doubtless true that whatever encourages cleanliness tends to discourage the habits which favor infection, but he believed that "to fight all kinds of dirt instead of limiting attacks to dangerous dirt is misleading and futile."

Dr. Chapin especially criticised much of the publicity on the relation of air to disease. He stated that the old theory of exhaled poisons had been demolished; that germs rarely floated in the air; that we are still in profound ignorance as to the relation of humidity to disease; that most of the supposed effects of foul, unventilated rooms have been shown to be due to temperature and odors.

"Food adulteration, except in a few instances," he said, "is an economic, not a health problem. As to partially decayed foods we know nothing about their relation to health. The clean handling of foods is most desirable from a sanitary standpoint, but real cleanliness is most difficult of attainment. Much that appears is carelessly written and the emphasis is placed on the wrong thing, as when dust absorbs all the attention and nothing is said about dirty hands."

AMUSEMENTS

"NEPTUNE'S DAUGHTER"

TO BE REPEATED

A large and appreciative audience witnessed and enjoyed the production of Annette Kellerman in Neptune's Daughter last evening at the Butler, it being one of the most novel and interesting pictures that has ever been shown in this popular playhouse. The picture brings out all the grace and charms of the great actress, showing her ability as an expert swordswoman, a graceful dancer and a wonderful swimmer and diver. It is a gorgeous and thrilling spectacle, nothing like it has ever been seen before. Miss Kellerman is known as the perfect woman, whose measurements are almost identical with those of Venus de Milo, and whose natural skill has earned her the title of "Daughter of the Sea."

There will be two shows this evening, the first one starting at 8:30 and the second at 10:30.

Tomorrow the nineteenth episode of "The Million Dollar Mystery," more interesting and mysterious with each number, as it is drawing towards its conclusion. Also a Vitaphone comedy and an Edison drama.—Adv.

SANCTUARY SOCIETY.

The regular meeting of the Sanctuary Society will be held this evening at Knights of Columbus hall and a full attendance of members is urged as important business is to be transacted. D1-1

EASTERN STAR GIVES JUVENILE EVENING

CHILDREN REMEMBERED WITH ANNUAL FEAST AND GOOD THINGS IN PLENTY.

The ladies of the Order of the Eastern Star held their annual Thanksgiving party last Saturday evening when the Masonic hall was beautifully decorated. The members had spent the greater part of the day fixing up things so as to make them doubly attractive to the young folks and the result when the hall was opened evoked exclamations of surprise and delight.

The feature of the programme was a child's play in which the bright young actors and actresses gave pleasing evidence of aptitude in the role of entertainers. After this a general programme of vocal and instrumental music followed and the evening closed with a Thanksgiving present.

TONOPAH COUPLE WEDDED QUIETLY AT MANHATTAN

Lindell Holt, one of the brightest young chauffeurs in the southern country, took a run over to Manhattan Thanksgiving evening and was accompanied by Miss Etta Frank. When they returned the following day they appeared as Mr. and Mrs. Holt, the marriage having been celebrated at the home of the bride's sister, Mrs. Jack Miller, at the Pine Tree camp. Both young people have the best wishes of scores of friends.

PERSONAL

JUDGE S. S. DOWNER, of Reno, one of the counsel for the West End, came in this morning.

P. V. ROUVIANER and wife motored in from Republic last night and are at the Mizpah.

MISS MABEL BURRETT, a trained nurse at the Mine Operators' hospital for the past year, left for her home in Reno this morning.

SAM PLATT went out to Carson City this morning, after spending a day in Tonopah on his way home from Pioche.

W. D. FORSTER, general manager of the T. & G. railroad, left this morning for Chicago, where he goes on company business.

MATT BERRYHILL, of Kansas City, Mo., and A. E. Van Sant, of Kentucky, representing the Continental Specialty company, introducing the "Modern Telephone Tablet," a new patented device, etc., are now in Tonopah.

MISS EDITH JAMES, of San Francisco, is the house guest of Mr. and Mrs. Edmund A. James. Miss James is the sister of Mr. Edmund James, of the Nevada First National bank of Tonopah and will remain during the holidays.

JOHN W. FINCH, one of the staff of the Butler litigation engineering force, is registered at the Mizpah.

W. G. COTTER arrived from Los Angeles yesterday by auto and left for Golden Arrow this morning to look after the mining property in which he is interested.

WOMAN'S CLUB CHRISTMAS SALE READY FOR BUSINESS

The Tonopah Woman's club is getting busy with all sorts of useful articles suitable for the Christmas trade. These include hand-painted china, useful and ornamental needlework and articles of clothing for women and children. The ladies have taken a store room opposite Elks' hall, where they will be glad to see their friends, Tuesday, December 1st, and try to suit their wishes. The goods are chiefly consignments of deserving women who are in need of the money, and by patronizing the club citizens will be doing a double service. The sale will continue all week.—Adv. N28-Dec1.

PLEADS GUILTY TO LARCENY AND SAVES COST OF TRIAL

On an information filed in the district court charging Paul Justam with grand larceny in stealing \$52 in cash and a revolver from Mike Jellis, owner of the Antler's bar, defendant pleaded guilty and will be sentenced tomorrow.

SUDDEN DEATH OF BROTHER OCCURS IN SAN FRANCISCO

Frank M. Ward, of the Tonopah Bonanza, received a telegram this morning stating that his brother died suddenly in San Francisco. No particulars were received and Mr. Ward believes death was due to the recurrence of a former attack of acute rheumatism. Interment will be in San Francisco and Mr. Ward will leave in the morning to attend the obsequies.

Deceased was a native of Nevada county, California, and for a number of years was with the San Francisco Call.

Lime-Loss In Tuberculosis

In the Journal of the American Medical Association (January 17, 1914) was the following:

"It has been many times stated that in tuberculosis or in the pre-tuberculous stage an increased amount of calcium (lime) is lost both in the urine and feces. In fact, a demineralization has been thought to be a forerunner of the development of tuberculosis."

"Forced feeding of tuberculous patients and the enormous amount of eggs and milk once given such patients are not now considered advisable by a large number of physicians who are specializing in the treatment of pulmonary tuberculosis."

If tuberculosis is due to a loss of Eckman's Alternative in the treatment of this disease may be due, in part, to the fact that it contains a lime salt so combined with other valuable ingredients as to be easily assimilated.

Always we have urged users of Eckman's Alternative to attend strictly to matters of food.

In addition to rest and proper diet, some effective remedial agent seems to be needed; and in numerous cases of apparent recovery from tuberculosis and kindred throat and bronchial affections, Eckman's Alternative has supplied this need.

It does not contain opiates, narcotics or habit-forming drugs, so it is safe to try. Your druggist has it or will order it, or you can get it from us direct.

Eckman Laboratory, Philadelphia.
